Please also note these common registration issues:

- Cross-listed courses [for example, INBS 511 / MGMT 511] are not clearly identified in the [Course Section Search](#) of WESS; if in doubt about a cross-listing, check the [MBA course schedule](#).

Half the seats in a cross-listed course will be found under each title, so check **both** listings before you assume the course is closed! (And remember, you can apply a cross-listed course to either concentration.)

- "Department Permission required": contact the MBA Office, not the academic department. ALL "[Selected Topics](#)" (577) courses require such a permit: if you plan to take such a course, let us know as soon as you're ready to register.
- if you are in a **deferred** or **conditional matriculation** status, your course waivers won't be active in WESS. If a waived course is a prerequisite for a class you want, contact us about a permit when you're ready to register.

If you have trouble with registration, or you need a registration permit, please be sure that you include ALL the following information about the course(s), so that we can resolve your problem as quickly as possible:

- course title,
- course number and section number,
- course CALL number,
- a brief description of the issue, or the text of the message you see in WESS.
